RAPTOR PLUS

Economical semi-automatic turntable wrapping machines are reliable, safe and easy to use.

**Efficiency**
- Motorized Power Pre Stretch System (260%)
- Adjustable film-tension control
- All types of machine grade films can be used
- Minimum consumption of film per pallet
- Optimization of cost per pallet

**Safety**
- Film carriage inside the tower
- Safe, fast and ergonomic film loading
- Safety switch for film loading door
- Emergency stop

**Easy use**
- Adjustable number of top and bottom wraps
- Adjustable carriage and turntable speed
- Reinforcing wrap function
- Soft START/STOP
- Load begins and ends in same position
- Stores 15 easily adjustable programs
- Adjustable overwrap

**Simplicity**
- Fast and simple installation
- Safe transportation (machine packed in a wooden crate)
- Easy maintenance
- Height sensing by photocell (wrapping of dark colored goods also possible)
- Easy film feeding – the film is just placed in the middle of the carriage and threaded through the threading slot

**Options**
- Access ramp
- Load stabilizer
- Turntable diameter 79”

**Technical data**
